

## Quality/Environmental Policy

As an industry-leading manufacturer of fabricated and cast fifth wheels for the heavy truck market, Fontaine Fifth Wheel will produce a high quality product by consistent application of a quality system based on the requirements of our Quality Manual. Our goal is total customer satisfaction, accomplished by continual improvement of all business systems.

We are committed to protection of the environment by the continual improvement of our processes that affect the conservation of natural resources and the prevention of pollution by compliance to all environmental regulations and requirements imposed by governmental agencies and others subscribed to by the organization. In order to meet these goals, environmental objectives and targets will be implemented and measured for compliance and continual improvement. We will strive to sustain our role as a good corporate citizen.
